

## IMPROVE READING AND MATH SKILLS AT HOME

**READING.** CKE students are using the Lexia Core5 app on the iPads that were distributed earlier this school year. Each student moves at his or her own pace and can progress independently to higher levels. If the student struggles in a particular activity, Core5 will automatically adjust and provide activities that give explicit instruction to strengthen the deficiency. If the student continues to struggle within the explicit instruction, the teacher is notified and provided with the data and resources for direct instruction on that particular skill.

**MATH.** Like the Lexia Core5 app, the IXL Math app allows each student to move at his or her own pace and can progress independently to higher levels. If the student struggles in a particular concept (Numbers & Operations, Algebra & Algebraic Thinking, Fractions, Geometry, Measurement, and Date, Statistics, & Probability), IXL will prompt students with activities to strengthen the weaknesses.

### HOW TO ACCESS LEXIA AND IXL USING A TABLET

#### **STEP 1: Get the Apps.**

The apps are free to download and CKSD has already purchased your child's licenses. You can download the apps the same way you download any other app. NOTE: You will need to download the Clever app to  access the Lexia app.

#### **STEP 2: Use the Apps.**

**LEXIA:** Open the Clever app and enter the login information. Your child should already know how to login. In case you should need to know, the username is your child's 6-digit lunch number (example: 123456) and the password is your child's 6-digit lunch number (example 123456).

**IXL:** Open the IXL app and enter the login information. Your child should already know how to login. Again, in case you should need to know, the username is your child's 6-digit lunch number @cksd (example: 123456@cksd) and the password is your child's 6-digit lunch number (example: 123456).
